I just have to say that I started a tradition of taking my Toddler to the Lehi Bakery for a treat every Wednesday and we LOVE it. It's been more than 17 years since I had Alligator Jaws, Long Johns, or a Foot. They have the best quality pastries. I didn't realize how much I missed that place.

My family knows if they want to do something special for me they get Lehi Bakery's apple fritter or doughnut holes. Has to be Lehi Bakery.

I have a very fond memory of my grandmother taking me there and a bat flew in when we entered, I was fascinated at the very least . Never knew how they got that "bugger" out

My kids love to get square doughnuts and their best doughnut holes. My fave is their old fashion that look like a 8

You know you're from Lehi when your family insists on butterflake rolls from Lehi Bakery for the Family Thanksgiving Day. Also, when you can order 5 doz. the day before you need them and they will have them ready for you!
